Hello,

Jeff sent me modeling files over the weekend. Some are AERMOD. The rest are CTDMPlus related. I'm going to start plugging through them to try and get familiar with what I'm looking at. Jeff is also going to send some GIS images that represent the terrain.

I plan to send to ORD and OAQPS but want to get more familiar with the material before that.

Dan, you're welcome to the files if you are interested. It's about 20 MB worth.

Randy
